

Letter from Santa Claus

North Pole 2025

Dear Mary,

You're nine years old and living in the beautiful city of Athens, Greece, a place filled with magic and history. I've heard about your love for riding your BMX bike, feeling the wind in your hair and the thrill of speed. It's a wonderful way to explore your world!

I've also been told about your kindness and care towards your friends. Such a warm heart is a gift in itself, and it makes the world a better place. Remember, the love you give to others always finds its way back to you.

I know you're hoping for a Lego set this Christmas. I'll see what I can do, my dear. Keep being brave, kind, and adventurous. May the joy of Christmas fill your heart and home.

With love,
Santa Claus
